SAN Group Biotech USA, Inc. makes no warranties of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above.

### DIRECTIONS FOR USE

*SHAKE VIGOROUSLY BEFORE USING.*

**Organic BioLink® All-Purpose Fertilizer 3-3-4** can be applied to all food and non-food crops such as brassica (cole), berries, citrus, cucurbits, field vegetables, fruiting vegetables, fruit trees, grapes (raisin, table and wine), leafy vegetables, root and tuber vegetables, row crops, strawberries, tree nuts, ornamental trees, shrubs, flowers, containerized plants. Apply as a soil drench or foliar spray.

**Foliar Application:** 1 to 4 quarts per acre. Apply to plant foliage to the point of run-off starting at the 4-leaf stage for vegetables. For trees and vines apply at the beginning of bloom; repeat every 10 to 14 days throughout the growing season as needed.

**Soil Application:** 1 to 4 gallons per acre. Drench soil around base of plants and trees or apply through the chemigation system. Begin application at planting, transplanting or in Spring at beginning of root flush. Repeat the application every 10 to 14 days throughout the growing season as needed.

**Nursery & Container:** Use 2 oz. per gallon of water. Apply as a soil drench around base of plants and trees or apply through irrigation system. Repeat application every 10 to 14 days throughout the growing season as needed.

**Compatibility:** Always conduct a compatibility jar test before mixing **Organic BioLink® All-Purpose Fertilizer 3-3-4** with new products.

**NOTICE:** Perform a phytotoxicity test on a small plot before large-scale application. To lower the risk of phytotoxicity, applications should be made early morning or late evening.
