Organic

BIOLINK®

IRON 6% Fe

For the Prevention and Correction of Iron Deficiency in All Crops

PRODUCT INFORMATION

Organic BioLink® Iron 6% Fe is complexed for improved availability and uptake by the plants. It provides a quick boost to plants under nutrient stress and corrects iron deficiencies. Plants lacking iron deficiencies tend to show some yellowish or white areas between the vines as iron is an essential element for the development of chlorophyll.

Organic BioLink® Iron 6% Fe is suitable for use in organic crop production where micronutrient deficiencies are present.

GUARANTEED ANALYSIS

Iron (Fe) 6.0%
5.4% Water Soluble Iron (Fe)

DERIVED FROM: Ferrous sulfate, soy protein hydrolysate as the complexing agent

KEEP OUT OF REACH OF CHILDREN

WARNING

Harmful if swallowed. Causes eye irritation.

PRECAUTIONARY STATEMENT

Wash thoroughly after handling product. Do not eat, drink, or smoke while using this product. Wear eye/face protection. Avoid contact with eyes, skin, or clothing. Do not breathe mist or vapor.

FIRST AID

If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
If swallowed: Call a poison control center or doctor immediately for treatment advice. Rinse mouth. **Call a poison control center or doctor for treatment advice if symptoms persist.**

NOTICE OF WARRANTY – SAN Group Biotech USA, Inc. warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with the directions under normal conditions of use. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of SAN Group Biotech USA, Inc. In no case shall SAN

Group Biotech USA, Inc. be liable for consequential, special or indirect damages resulting from the use or handling of this product. SAN Group Biotech USA, Inc. makes no warranties of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above.

DIRECTIONS FOR USE

SHAKE VIGOROUSLY BEFORE USING.

Organic BioLink® Iron 6% Fe can be applied to all food and non-food crops such as brassica (cole), berries, citrus, cucurbits, field vegetables, fruiting vegetables, fruit trees, grapes (raisin, table and wine), leafy vegetables, root and tuber vegetables, row crops, strawberries, tree nuts, ornamental trees, shrubs, flowers, containerized plants, lawns and turf. Apply as a soil drench or a foliar spray.

Organic BioLink® Iron 6% Fe can be applied effectively through all types of chemigation, ground, and aerial application equipment. Use sufficient water for thorough and uniform coverage.

Foliar Application: ½ to 1 quart per acre. Apply to plant foliage to the point of run-off throughout the growing season as needed.

Soil Application: 1 to 3 quarts per acre. Apply in irrigation water, including drip and sprinklers.

Nursery & Container: 8 oz per 100 gallons of water. Apply to plant foliage run-off or as a soil drench around base of plants. Repeat applications as needed.

Phytotoxicity: Always perform a phytotoxicity test on a small plot before large-scale application. To lower the risk of phytotoxicity, applications should be made early morning or late evening.

Compatibility: Always conduct a compatibility jar test before mixing **Organic BioLink® Iron 6% Fe** with new products.

Use best management and use practices when applying **Organic BioLink® Iron 6% Fe**. Use additional fertilizers as needed based on soil and tissue testing.

STORAGE & DISPOSAL

Store in original container out direct sunlight. Triple rinse and puncture empty container. Dispose of contents and container according to local, state and federal regulations only.
