Organic

BIOLINK®

Micronutrient Fe-Mn-Zn

0-0-1 2% Fe, 2% Mn, 3% Zn

PRODUCT INFORMATION

Organic BioLink® Micronutrient can be used to correct iron, manganese and zinc deficiencies. **Organic BioLink® Micronutrient** offers improved availability and uptake by roots and foliage. Thus providing a quick boost to plants under nutrient stress and correcting deficiencies. **Organic BioLink® Micronutrient** is suitable for use in organic food production where micronutrient deficiencies are present.

GUARANTEED ANALYSIS

Soluble Potash (K ₂ O)	1.0%
Magnesium (Mg)	0.5%
Sulfur (S)	3.0%
Boron (B)	0.02%
Cobalt (Co)	0.0005%
Copper (Cu)	0.05%
Iron (Fe)	2.0%
Manganese (Mn)	2.0%
Molybdenum (Mo)	0.0005%
Zinc (Zn)	3.0%

DERIVED FROM: Potassium-magnesium sulfate, sodium borate, cobalt sulfate, copper sulfate, ferrous sulfate, manganese sulfate, sodium molybdate, zinc sulfate. Citric acid as complexing agent.

KEEP OUT OF REACH OF CHILDREN

WARNING

Harmful if Swallowed. Causes Eye Irritation.

PRECAUTIONARY STATEMENT

Wash thoroughly after handling product. Do not eat, drink or smoke when using this product. Avoid contact with eyes, skin or clothing. Do not breathe mist or vapor. Wear waterproof gloves and eye protection such as goggles.

FIRST AID

If in Eyes: rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. **If swallowed:** Call a poison center or doctor immediately for treatment advice. Rinse mouth. Do not induce vomiting. **If symptoms persist, call a poison control center or doctor for treatment advice.**

DIRECTIONS FOR USE

SHAKE VIGOROUSLY BEFORE USING.

CAUTION: This product contains boron and molybdenum, which may be harmful to certain crops. Contact your local county agency for specific information. This product should only be used according to label instructions.

Organic BioLink® Micronutrient can be applied to all food and non-food crops such as brassica (cole), berries, citrus, cucurbits, field vegetables, fruiting vegetables, fruit trees, grapes (raisin, table and wine), leafy vegetables, root and tuber vegetables, row crops, strawberries, tree nuts, ornamental trees, shrubs and flowers. Apply as a soil drench or a foliar spray with conventional spray equipment or chemigation.

Foliar Application: Use 1 quart per acre. Apply to plant foliage to the point of run-off, throughout the growing season as needed.

Soil Application: Use 2 quarts per acre. Apply as soil drench with starter fertilizer at planting. Continue applications through the growing season as needed.

Nursery & Container: Use 1 quart per 100 gallons of water. Apply to the plant foliage to point of run-off, or apply as a soil drench. Repeat application as needed.

Turf & Lawns: Use 1 to 2 ounces per 1,000 square feet. Apply in irrigation water or broadcast spray over grass. Repeat application monthly during the active root growth period.

Compatibility: Always conduct a compatibility jar test before mixing Organic BioLink Micronutrient with new products.

Notice: Perform a phytotoxicity test on a small plot before large-scale application. To lower the risk of phytotoxicity, applications should be made early morning or late evening.

STORAGE AND DISPOSAL

Store in original container out direct sunlight. Keep out of Reach of children. Triple rinse and puncture empty container. Dispose of contents and container according to local, state and federal regulations only.
